The 603 is the bus for me

Barnet Greens believe the 603 bus, a school route from Muswell Hill via East Finchley, Highgate and Hampstead to Swiss Cottage, would be a relatively cheap way of introducing a much-needed service from East Finchley to the Royal Free Hospital.

After fresh proposals from Barnet Green Party, Transport for London says an hourly service would cost only 150,000 pounds a year in subsidy, much less than its 800,000 pounds initial forecast for the route's losses, but TfL still says 'No' to regular journeys.

Our next step will be to ask TfL to launch an hourly operation on a trial basis.
